

## *Innovative Bed Systems*

*Don't waste your space!*

The following are things that you need to consider when making plans to have a wall bed installed.

1. Measure the Length of the wall.
2. Measure the Height of the Ceiling.
3. Observe any obstructions (Wall Switches, Heating Vents, Baseboard Heaters, Windows).
4. Decide on the Size of Bed Cabinet (Single, Double or Queen)
5. Decide on Studio (Upright) or Lateral (Side Tilt).
6. Decide on Cabinet Choices.
7. Take a look at our colour choices, consider the other wood tones in your home.
8. Sketch out your idea.

For information or to schedule an appointment to visit our showroom just 10 minutes north of Calgary City limits please call:  
403-945-1882 / toll-free 1-866-945-1895

Location:  
#3 - 99 East Lake Crescent  
Airdrie, Alberta T4A 2H6

We will make it work for you!
